

Safer boating at your fingertips

MARINE RESCUE NSW

***Download the FREE
MarineRescue App!***

The *MarineRescue* App makes it easier than ever for boaters to stay safe on NSW waters. It's the only App that connects you directly to Marine Rescue NSW.

In just a few minutes, you can Log On with Marine Rescue NSW and be on your way, knowing someone's watching out for you.

When you Log On with us, we know where you're heading and when you're due to return, so we can quickly start a search if you're not safely back when expected.

You can choose for us to track your journey so we know where to start looking in an emergency. The App is a great addition to your marine radio and EPIRB in your safety toolkit.

The *MarineRescue* App also gives you:

- Local tide, weather and sea conditions
- Your latitude/longitude position coordinates
- Boat ramp locations and popular fishing spots
- A safety checklist for before you head out
- Emergency call procedures
- Information on Marine Rescue NSW

The *MarineRescue* App is free. Download today!

Exclusive to Marine Rescue NSW Radio Club Members!

Win one of 5 prize packs each valued at more than \$2,500: a 5hp Suzuki 4-stroke outboard PLUS a Raymarine Dragonfly with chart plotter and depth sounder.

Every time you use the *MarineRescue* App to Log On AND choose to use the 30-minute safety tracking service between March and July 2015, your name goes in the prize draw.

Winners will be contacted directly and published on
